

# UniQ - Q8 Size Guide

A UniQ fit that allows for comfort, support and performance.

## Measuring

1. Place a piece of paper on a hard floor against the wall.
2. Put your foot on top of the paper with your heel against the wall.
3. Mark your longest toe, keeping the marker/pen straight (up/down, no tilt).
4. Then measure from the edge of paper to the line. (millimeters if possible)
5. Use size guide below

\*Because the foot is three-dimensional, measuring devices can only provide approximate boot size. Please keep in mind all manufacturers use different lasts to construct their boots, sizing will vary accordingly.

Be sure you are standing with slightly bent knees, wearing what you will
